

DOSSERT®

TYPE GZ

Grounding Clamp for 3 Cables to Pipe in Parallel

A triple conductor grounding clamp for grounding three wires or cables to the same ground rod or pipe. The high range of variability permits use of a number of conductor sizes for one connector. The high corrosion resistance of the connector permits the entire assembly to be covered with earth after installation is made.

Material

Copper Alloy

Hardware

Everdur U-bolts, nuts and lockwashers

Note

- For tin plating add suffix (SN) to catalog number. Example: GZ125-50-SN
- All sizes are not shown. Please contact the factory.
