

Trunnion for OPGW

The trunnion support clamp is used to secure the OPGW cable to a trunnion type bracket configuration. Either mounted directly to the tower or an insulator, the clamp provides enough force to maintain the designed slip load without causing cable attenuation. For more information, contact factory regarding slip load capabilities.

Features

- Keeper is designed for easy installation without removal of keeper bolts. Break-away head bolts ensure proper installation torque.
- Clamp assembly includes Armor Rod set.
- Weight: 3.5 lbs. (1.6 kg)
- Line angles up to 20°
