Extended Warranties

Noyes Extended Warranties protect your equipment and give you peace of mind. Extended warranties cover your equipment after the 1 year standard warranty has expired. Extended warranties are available for 1, 2 or 4 years. If your units is found defective, Noyes will repair or replace your unit at no additional charge. Repairs are done with genuine Noyes repair parts by a trained Noyes repair technician. Extended warranties save you money by avoiding hourly repair rates and offering quick turnaround time.

Extended Warranties with Annual Calibration

Noyes Extended Warranties are available with annual calibration at a discounted price. Noyes suggests that test equipment be calibrated every 12 months by an authorized Noyes repair facility. Annual calibration ensures that your are getting the most out of your equipment and that it is performing accurately. Many test standards also require annual calibration. By purchasing calibrations with your extended warranty, you save money and do not need to include calibration cost in your budget.

Extended Warranties Terms and Conditions

All Noyes products are warranted for a period of (1) one year from the date of delivery to the end user. Extended warranties start at the end of the standard (1) one year warranty period.

Any product that is found defective within the warranty period will, at the discretion of AFL/Noyes, be repaired or replaced. Warranty will be voided if the product has been repaired or altered by other than an authorized Noyes repair facility, if the void sticker has been compromised, or which have been subject to misuse, negligence, or accident. In no case shall Noyes liabilities exceed the original purchase price.

Noyes suggests that fiber optic test equipment be calibrated every 12 months by an authorized Noyes repair facility

All purchases are subject to AFL terms and conditions of sale and purchase
